Mr. Ritchie read the findings of fact to make sure everything is in order. Mr. Bridegroom is concerned that the PUD may not be the correct process to go through as the purpose includes residential as well. Mr. Dodge explained that we are not using the residential PUD. Mr. Nagai stated that the purpose of having a PUD in the ordinance is to allow you to look at land uses that are not specifically numerated in the rest of the ordinance and also to allow you to bury your specifications for the development for things that would not be specified else where. Mr. Bridegroom asked where it says we can bury it. Mr. Nagai & Mr. Dodge stated that is the purpose of the PUD. Mr. Nagai gave examples of using a PUD.
